sleepin' in *sleepin' in*  
every day *every day*  
tired ass mornings *tired ass*  
are far away *so so far*  
hazy memories *don't remember*  
of bleary eyes *bleary eyes*  
late to bed *now even later*  
early to rise *booooooo*

all the time *all the time*  
to admire the moon *ow ow oooowwwwwww*  
nothing happens *what happened?*  
before noon *is it noon?*  
the stroke of midnight *bell*  
comes too soon *is it noon?*  
and i never *what happened?*  
left my room *whoooooooooooo*

chorus:        **but sometimes**  
                  **i do things**  
                  **sun comes out**  
                  **heaven sings**

not sure when  
and it's kinda rainy

the week's wide open  
maybe read a book  
but i remember  
how long that took  
there's still a world outside  
i should take a look  
but all these movies  
no time to cook    *pizza night!*
