

this is where i'm farming it out to you                    MARY LOU LORD – "FARMING IT OUT"  
this is where i'm handing it down the line  
this is where i'm hoping my judgment's sound  
it better work 'cause there'll be no next time

this is where i'm farming it out to you  
this is where i'm giving away the reins  
this is where i'm hoping all the times we spent  
will count for something when we meet again

this is where i'm farming it out to you  
this is where i'm making my farewell speech  
this is where i'm hoping i wont rue the day  
i put my money where my mouth don't reach  
farming it out, i'll be farming it out to you

*and the sun gone down now on the pale thin pink                    JEFFREY FOUCAULT – "MESA, ARIZONA"*  
*and there's no one to talk to, all i can do is think...*

keep it light enough to travel                    GEOFF BERNER, BE GOOD TANYAS – "LIGHT ENOUGH TO TRAVEL"  
keep it light enough to travel  
don't let it all unravel  
keep it light enough to travel  
light enough, light enough, uh huh

and it ain't no hard rain, but the drizzle won't stop  
shadows dance down off the dusky mountaintop  
all the nights of waiting for the sun to finally come  
all the ways the wild waters run...  
ain't no heartbreak, just the blood cooling down  
echoes fading like noises as the train rolls out of town  
all the nights of praying for the right star to fall  
for the chance to hear that wild call...

*whoa-oh oh-oh-oh oh, angelina                    MATT HOPPER – "ANGELINA"*

you know it's been a long ride  
all the miles from montana across the great divide  
he sang that song for you, and there was no one by my side  
all the ways the heavens open wide...

*angeline angeline                    JAMES MCMURTRY – "ANGELINE"*  
*darker nights i've never seen*  
*i don't love these east texas pines*  
*where i can't find my sleep in the shadows so deep*  
*dark as the doubts in my mind*

ADAM DURITZ – "ANNA BEGINS"

so let the melody come before the story  
let the melody come  
let the melody run  
let the rain fall down  
let the rain fall down...

*the rain falls down...*  
*these seconds when i'm shaking leave me shuddering*  
*for years, she says*  
*and i'm not ready for this sort of thing*  
*and every word is nonsense, but i understand*  
*and, oh lord, i'm not ready for this sort of thing...*

*i let the rain fall                    MILEY – "WRECKING BALL"*  
*i never hit so hard in love*  
*all you wanted was to break my balls*  
*all you ever did was rain on me*

*the rain falls down...*

ain't no harlequin mutt off the street  
dial tones and dialectics keep the world nice and neat  
heart full of darkness, tongue full of light  
all the songs to sing to pass a rainy night...  
ain't no harpstrings, just a tired old guitar  
singing songs of the rains i've seen falling near and far  
all the nights spent waiting for the sun to finally come  
all the people singing ... doo doo doo doo ... here comes the sun  
ain't no hard rain, but the drizzle won't stop...

*i've been driving a broken coastline*  
*holding on to everything i want*  
*i've been trying to make this all mine*  
*pushing faster, before the light is gone*  
*for awhile now, the day's been breaking colder*  
*there's a wild wind driving me on*  
*all this time has only made me older*  
*pushing faster, before the fire's gone*

CAITLYN CANTY – "BROKEN COASTLINE"
