

10. SONG FOR ERIC DISTAD

BOOM-CLAP-BOOM-CLAP-BOOM-CLAP-BOOM-CLAP

**somewhere way up north somebody's singing
some song he just made up on the spot
sometimes the songs got a deadline
and you sing that song with everything you got**

**6 o'clock pm, southern Minnesota
sioux falls just an hour ago
south dakota state line, february state of mind
eastbound on I – Nine - Oh**

**somewhere way up north somebody's singing
some song he just made up in his head
long cold winter and the month winding down
you stay up late before you put that song to bed**

**8 o'clock pm, southern Minnesota
no traffic, steady as we go
hum a highway melody, blue earth to albert lea
eastbound on I – Nine – Oh**

**somewhere way up north somebody's singing
some song he made up an hour ago
sometimes the songs got a deadline
count the days, line the songs up in a row**

**10 o'clock pm, southern Minnesota
mighty mississippi waters flow
february state of mind, wisconsin state line
eastbound on I – Nine – Oh**
