shake shake shake shake

shake shake shake ... that family tree

never know what's in those branches unless you **shake shake shake** and see

blood thicker than water – blinded by the canopy (*shake shake shake*)

can't see the forest for the family tree

shake shake shake ... those genetic rules

never know 'bout the equipment unless you **shake shake shake** the tools

nurturing homes and chromosomes – pharaohs, freaks, and fools (*shake shake shake*)

can't buy me love with the family jewels

shake shake shake

shake shake shake

shake shake shake

shake shake shake shake

shake shake shake ... shake it at the family reunion

never know their darkest secrets till you **shake shake shake** and booze 'em

no matter what you do, you never really **shake shake shake** 'em = lose 'em

you can choose how you treat 'em, but you can't choose 'em

shake shake shake ... that family tree

never know what's in those branches unless you **shake shake shake** and see

blood thicker than water – blinded by the canopy (*shake shake shake*)

can't see the forest for the family tree
