

17. do your devil dance with me

fawm 2021

what's – that he sees – in your eyes? in your eyes?

gasoline – sulfur – temperatures rise

pulse – beats like drums – here it comes... here it comes...

all so diabolical

what's – that he sees – behind your smile? your smile?

sweet machinations – all our sins on trial

tongue – breathe like lungs – black spells sung... black spells sung...

black carnival

what

could i do do do do

for you

to do do do your devil dance with me?

what – does he feel – when you dance?

snake writhing muscle – dark searching hands

touch – feels like love – with a demon's clutch... a demon's clutch...

palpable and flammable
