verse 1 come summertime the sun will come a-calling again

the endless waves of tourists will roll in

I'm cooking up a scheme to roll on out of here

if yer game to let the good times begin

chorus 1 come to see me, come to see me

come to your senses, girl, you should take me seriously

come to see me, come to see me

kathy marie

verse 2 come mid-July, we could be in Hokitika
the shores of the roaring 40s lapping at our feet
I'll sing you interlewdy love songs... if that's what yer into...
if yer up for a down under kinda treat

----- BRIDGE -----

chorus 2 come to see me, come to see me
come to think of it, you might feel similarly
come to see me, come to see me
kathy marie

verse 2 come autumn it could be a whole new world for us
new leaves turning while the winter's rolling in
there'll always be more rakin', so if yer heart is achin'
if you think it's time to let the games begin

chorus 3 come to see me, come to see me

come to papa, it would be so easy

come to see me, come to see me
