

FAWN 2025

12 magedick

february 12-20, 2025

so many airports
so little time
so many hours spent
standing in line

so many pat downs
so little quick
so many full body scans
beeping at my dick

I got the frisk in Whitehorse, Deadhorse, Anchorage, of course.
Fairbanks, Outer Banks, never had no remorse.
Vienna, Praha, and even Ostrava...
We're sorry for the inconvenience blah blah blah.

no matter my trouser style
freeball or no
walk through any airport screening
and thar she blow

so many TSA uniforms
made me turn to face
the computer screen with the flashing warning
down there in that special place

I got the rub in Portland, Richmond, there and back again.
SEA-TAC every single time I've been
LAX security checks.... Ohhhhh....
The Sunport in Albuquerque, New Mexico.

I was never turned on
pretty average hung
but so many airport
security bells rung

long time no Prince Albert
no pelvic bling
rolling like goldmember
got a metallic thing

Talked to the hand in Lisbon, Brisbane, Al wisdom
Larnaca and Tel Aviv and every single place I've been.
Both Don Mueang and Suvarnabhumi
No happy end, just a teaser to screw me.

Papa's got a brand new swag
