**T**o: the kindred out there somewhere **V** jim vogt drums **W** graham watts distant stations  
**F**rom: some elsewhere far and away  
**R**e: trying to explain

Nature and nurture. Within you and without you. The world and what you make of it. Not all who ranger are lost. Not all with ranger potential will fulfill it. The proud. The few. This here's just a collection of mementos, caught in the eddies of the great river over time, sampled and preserved at one particular moment. Turn the glass. Put your boat on the river. There is nothing else.

# ye aulde secret rangers
