

I Know Coffee Places

"The Coffee Song" A A E A

INTRO: Am Dm E

Am Dm E
You stand with a hand on my waist line
Am Dm E
It's a scene and we're out here in plain sight
Am Dm E
I can hear them whisper as we pass by
Am E
It's a bad sign, bad sign
Am Dm E
Something happens when everybody finds out
Am Dm E
See the vulture circling dark clouds
Am Dm E
Love's a fragile little flame, it could burn out
Am E
It could burn out

Am Dm F E
Cause they got the cages, they got the boxes, and guns
Am Dm F
They are the hunters, we are the foxes
E
And we run

CHORUS

C G Dm F
Baby I know places we won't be found and
C G Dm F
They'll be chasing their tails tryin' to track us down
C G Dm F C G Dm F
Cause I-i, I know places we can hi-ide, I know places . . . I know places

Am Dm E
Lights flash and we'll run for the fences
Am Dm E
Let them say what they want, we won't hear it
Am Dm E Dm ...
Loose lips, sink ships, all the damn time, not this time

Am Dm F E
Just grab my hand and don't ever drop it, my love
Am Dm
They are the hunters, we are the foxes
F E
And we run

CHORUS

Am Dm F E
They are the hunters, we are the foxes, and we run
Am Dm F
Just grab my hand and don't ever drop it, my love

CHORUS

C G Dm
They take their shots, but we're bulletproof
F
I know places
C G Dm
And you know for me it's always you
F
I know places
C G Dm C G Dm
In the dead of night, your eyes so green And you know for me it's always you
F F
I know places I know places
